

SkinCentre To Help Haiti

Beginning May 12th through May 18th, The Westchester Health Care and Beauty Community will begin a week long fundraising event to support the victims of the earthquake in Haiti. A number of physicians, holistic practitioners, beauty professionals and health gurus have not forgotten Haiti. Although the smoke has cleared from the initial earthquake, their lives are still in grave jeopardy and our help is still needed. The Relief effort is a collaboration between Dr. Joseph Sozio, WFAS Radio, The Red Cross and Posh Public Relations. Participating businesses will be offering their clients a specific selection of services for the relief effort. The proceeds from those services will be donated to The American Red Cross Haitian Relief Fund. SkinCentre is proud to be a part of this worthy cause. The Red Cross will be presented with a check at a press conference being held on May 18th at the Renaissance Plaza in White Plains from 5:30-6:30pm. Please feel free to join us!

Participating Businesses:
